

Scholarship Application Management System

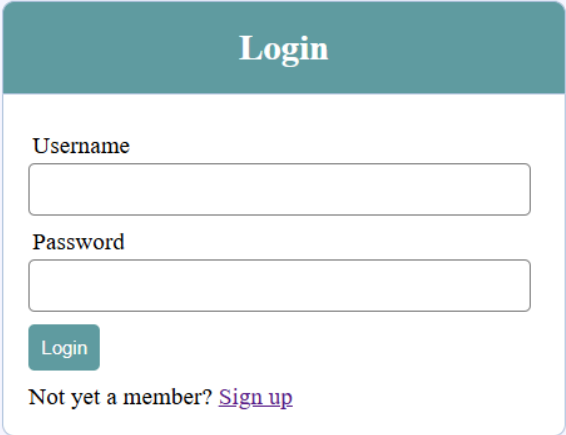

Author: Muhammad Shahmeer Atif

Scholarship Application Management System made using xampp server to demonstrate a functioning database. This project showcases Scholarship application, approval etc.

Roles provide authority to the users, the roles are of Student, admin and reviewer

Screenshots:

Login Page:

The screenshot displays a login form titled "Login" in a teal header. Below the header, there are two input fields: "Username" and "Password". A teal "Login" button is positioned below the password field. At the bottom of the form, there is a link that reads "Not yet a member? [Sign up](#)". The entire form is set against a light purple background.
